The Avalon Summer Program 2008 Natural History Camp

This camp is an exciting extension of The Avalon School's Lower School Natural History curriculum and allows boys, age 7 through 11, to continue their exploration of the world around them. The camp combines low-key instruction with hands-on learning in a fun and safe environment. Campers will:

- explore
- run
- climb
- catch
- sort
- examine
- sketch
- swim
- hike
- swing
- observe
- classify

and get a little muddy.

Most activities will take place outdoors and include nature walks, collection and classification of specimens, weekly fishing excursions, keeping a daily log of observations, creek walking and field trips.

Session I: Plants & Insects, June 16 – June 27 Session II: Birds & Insects, June 30 – July 11

Mon. – Fri. 9 a.m. – 3 p.m.

\$625 per two-week Session

10% discount available for siblings or if attending both sessions

Partial sessions available by special arrangement

Limited shuttle service will be offered on a first come first served basis.
