MATH BOOT CAMP

Get Ahead or Just Catch Up

For those boys looking to strengthen their foundation or build their knowledge, this flexible summer math program equals catch-up or “for credit” in Saxon Math 5/4 (3rd Grade) to Calculus. Mr. Thomas Stroot, Mr. Matthew Stroot and Mr. Michael Stroot of The Avalon School bring more than four decades of combined math experience to the day-to-day application of $x + y$ on the minds of young men.

- Small Class Sizes
- Personal Attention
- Transportation to and from Rockville & Milestone shuttle stops.
- Fridays are test days and donut days.

To receive credit for the math course, students must:

1. Have approval of appropriate administrator.
2. Successfully complete a set amount of the lesson sets.
3. Have an average of B or better for honors.

Six Week Session: June 20– July 29

Mon. – Fri. 9 am – Noon

Location: The Avalon School

\$900 per student (\$150/week)

(\$750 per student if paid by May 1)

10% discount for siblings

NATURAL HISTORY CAMP

This summer camp is an exciting extension of The Avalon School’s Lower School Natural History Curriculum. The program combines classroom instruction with the hands-on learning that boys so love.

It provides a fun and safe environment for boys to channel their endless energy, while becoming entomological experts.

Most camp activities will take place outdoors, including: collection, preservation and classification of insects, hiking and bouldering, fishing, swimming, and games. The trip to a swimming quarry complete with a rope swing and a mini diving cliff is one of the camp highlights. By the end of their adventure, the campers will have learned to identify a variety of local insects and started a sophisticated collection of their own.

Shuttle service and aftercare are available by arrangement. Grades 3-5.

June 13 – June 17

Location: Avalon School

Clarksburg Campus

Mon. – Fri. 9 am – 3 pm

\$350 per one-week session (\$275 if paid by May 1, includes nonrefundable \$50 materials fee).
